***The primary focus of the residency is to become a competent infectious diseases clinician. This is accomplished by rounding with adult and pediatric infectious diseases consult services and supporting an antimicrobial stewardship service that serves four affiliated hospitals***

**Activities while on rotations will include (but are not limited to):**

- Rounding with the patient care team and responsibility for antimicrobial stewardship patient care review
- Patient monitoring/problem solving
- Investigation of medication error reports and adverse drug reactions
- Drug information and literature searches
- Pharmacy practice research (translational research focused combining experiences at the school of pharmacy with patient care)
- Team-related projects
- Communication and interaction with pharmacists, physicians, and nurses
- Contributing as a member of the Infectious Diseases and Antimicrobial Stewardship team

**PROJECTS:**

- Major research project suitable for publication
  - Major project will be presented at the Great Lakes Pharmacy Resident Conference. Residents may also present at the Vizient Pharmacy Network Meeting or Pharmacy Society of Wisconsin Educational Conference.
  - It may also be presented at the Infectious Diseases Society of America Annual Meeting or the American Society of Health-System Pharmacists or other clinical meeting

- Past resident projects include:
  - National, multicenter study on the effectiveness of the antibiotic time out
  - Development of pediatric stewardship program
  - Development of antimicrobial stewardship outreach program
  - Evaluation of PK/PD dosing

***CURRENT POSITIONS OF PAST RESIDENTS:***

- Infectious Diseases Clinical Pharmacist
- Antimicrobial Stewardship Clinical Coordinator

***PRESENTATION OPPORTUNITIES:***

- Grand Rounds Interactive Lunch and Learn (GRILL)
- Pharmacy and nursing in-services
- Leadership of journal club discussions

***TEACHING OPPORTUNITIES:***

- Clinical instructor status at the University of Wisconsin School of Pharmacy
- Teaching assistant for 3<sup>rd</sup> year Infectious Diseases Pharmacotherapy at School of Pharmacy
- Co-Preceptorship of 4<sup>th</sup> year students on elective clinical rotation at the hospital
- Help precept pharmacy practice residents on elective rotation
- Teaching certificate program for residents through the School of Pharmacy

***OTHER ACTIVITIES:***

- Assist in the development of guidelines and protocols
- Attend Infectious Diseases grand rounds and journal clubs
- Advanced Cardiac Life Support training
- Opportunities to interact with residents in PGY2 – critical care, transplant, internal medicine and oncology, PGY1 - pharmacy, PGY1 and PGY2 -hospital pharmacy administration.

***TRAVEL:***

- Support to attend either the American Society of Health-System Pharmacists or the ID meeting of the resident's choosing
- Great Lakes Pharmacy Residents Conference or the Pharmacy Society of Wisconsin Educational Conference
- Spring visit to other health systems and residency programs
- Support to attend other meetings in the state of Wisconsin

***More INFO:***

- More information about the residency can be found at [www.uwhealth.org](http://www.uwhealth.org).
