

PGY2 Ambulatory Care Pharmacy Residency

Internet site: www.uwhealth.org

Number of Positions: 1
Application Deadline: January 2nd, 2023
Starting Date: July 10th, 2023

Stipend/Benefits: \$47,500. As employees of UW Health, residents receive full health insurance benefits (including dental and vision), 144 hours of paid time off (PTO) inclusive of vacation, holidays, and sick time, and full access to the University of Wisconsin’s recreational, educational, and cultural facilities. Residents receive travel funds and registration for professional meetings and selected certificate programs.

Interview Required: Yes
Experience Required: Completion of PGY1 residency

Rotations

The ambulatory care specialty resident will complete a combination of required and elective rotations to ensure that the resident is exposed to a variety of experiences, patient populations and interdisciplinary teams. The final rotation schedule will be tailored to the resident’s needs and interests. Because of the ambulatory care model, rotations may be comprehensive or longitudinal in nature.

- STRENGTHS:**
- UW Health is a world class center of medical excellence
 - Training focused on the care of patients within primary care clinics, specialty care areas and transitional sites of care
 - Flexibility in tailoring the program to resident needs and interests
 - Several ambulatory clinics with pharmacist involvement facilitating resident rotation options
 - Extensive involvement with School of Pharmacy in didactic teaching and preceptorship of students
 - Nationally recognized leader in technology and patient safety
 - Academic medical center resources

Clinical Rotations and Designed Experiences	
<p>Required:</p> <ul style="list-style-type: none"> • Orientation • Primary Care Clinic I (Clinical Development) • Primary Care Clinic II (Precepting) • Specialty Medication Management • Neurology Clinic • Medication Safety Leadership • Administration (<i>one of the following</i>): <ul style="list-style-type: none"> ○ Stewardship (ID or Anticoagulation) ○ Specialty Pharmacy Management ○ Oncology Regional Management ○ Clinical Management • Major Residency Project • Primary Care Clinic/Outpatient Pharmacy Practice 	<p>Elective:</p> <ul style="list-style-type: none"> • Geriatrics • Rheumatology Clinic • Transplant Clinic & Inpatient • Immunology/HIV Clinic • Oncology Clinic • Adult Pulmonary Clinic • IBD Clinic/Infusion Center • Anticoagulation Clinic (<i>required if resident did not complete anticoagulation experience in PGY1 year</i>) • Inpatient General Medicine (<i>required if resident did not complete inpatient training in PGY1 year</i>) • Information Technology • Academia

The primary focus of the residency is to become a successful clinical ambulatory care pharmacist capable of leading and managing ambulatory care services within a health care system.

PROJECTS

- Team-related projects while on clinical rotations
- Service development projects while on applicable administration rotation
- A longitudinal research project which should be publishable upon completion

PRESENTATION OPPORTUNITIES

- Educational presentations and in-services on clinical rotations
- Group presentations with other UW pharmacy practice/administrative residents
- ACPE-accredited pharmacy grand rounds
- Major projects will be presented at the Vizient/ASHP Midyear Clinical Meeting and Wisconsin Pharmacy Resident Conference or Great Lakes Pharmacy Resident Conference.
- Presentations at interprofessional meetings, as available.

TEACHING OPPORTUNITIES

- Clinical instructor status at the University of Wisconsin-Madison School of Pharmacy
- Assist in precepting of fourth-year students and pharmacy practice residents on clinical rotations at the health-system
- Facilitate and/or coordinate at least two weeks of Pharmacotherapy Lab during the academic year with an emphasis on topics that directly relate to ambulatory care
- Didactic lecturing at the School of Pharmacy
- Elective academia block rotation with a School of Pharmacy faculty member
- Optional Teaching Certificate Program for residents at area residency programs

OTHER ACTIVITIES

- Participation in weekly resident seminars – meetings with residency directors, director of pharmacy, speakers discussing clinical and administrative topics
- Participation in weekly Grand Round Interprofessional Lunch and Learn (presenter and facilitator)
- Assist in the development of guidelines and protocols
- Attend and facilitate applicable journal clubs and topic discussions
- Participation on a clinically-focused, patient care committee(s)
- Opportunities to interact with residents in PGY2 - critical care, emergency medicine, infectious disease, information technology, internal medicine, oncology, pediatrics, transplant, and others; PGY1 – pharmacy practice, and PGY1 and PGY2 - hospital pharmacy administration and leadership

TRAVEL

- Support to attend one national peer meeting (ASHP Midyear Clinical Meeting, ACCP, APhA Annual Meeting)
- Support to attend Pharmacy Residents conference (Great Lakes or Wisconsin Pharmacy Residency Conference)
